

With experience in software, data science, and nuclear engineering, Bradley Fox is a co-founder and CEO of Nuclearn Inc, developing and commercializing innovative AI solutions for Nuclear's most commonly performed tasks. Prior to co-founding Nuclearn, Bradley spent five years as a senior developer and founding member of the Palo Verde data science team, culminating in an US Issued Patent and an NEI Technology Innovative Practice 'Best of the Best' award. Prior to that, Bradley held positions within the Palo Verde Nuclear Engineering organization. Bradley holds a BS in Materials Science and Engineering from the University of Arizona and currently resides in Litchfield Park, Arizona.
