

Through the coordination and organisation of the Digitopia Platform and the activities of the Working Group Innovation & Digital, Christian is responsible for the Eurelectric's main activities covering the digitalisation of the power sector. Additionally, Christian oversees the activities of the Working Groups on Thermal & Nuclear and Environmental Protection.

Before joining Eurelectric, Christian was an intern at the European Investment Bank and has also held various roles as a project coordinator for an NGO specialised in education and training.

Christian Gruber holds a degree in Political Science from the University of Vienna and a post-graduate degree in Global Risk from the Johns Hopkins University.

Besides his native Italian, Christian speaks English, German and basic French.
