

Sven Przywarra founded the Earth observation company LiveEO together with Daniel Seidel in 2017. LiveEO is a global market leader in satellite-based infrastructure monitoring solutions. Prior to founding LiveEO, Sven and Daniel initiated NewSpaceVision, Europe's biggest event series and podcast with the goal connect the industry. At LiveEO, Sven and Daniel are leading a team of more than 70 people working on bringing the insights of Earth observation to utilities worldwide. Sven has recently been selected as one of Forbes 30 under 30 in Germany.
